PETITION TO WITHDRAW NOTICE OF ABANDONMENT

Under 37 CFR § 1.8(b) and § 1.181, applicant hereby petitions to withdraw the Notice of Abandonment mailed February 5, 2003 (copy enclosed). The application was abandoned under 37 CFR § 1.135 for failure to respond to the Office letter mailed on January 10, 2003, a Notice to File Corrected Application Papers.

The undersigned, applicant's attorney of record, first became aware of the abandonment on February 12, 2003, upon receipt of the Notice of Abandonment and submits that this petition to withdraw the Notice is being promptly submitted as required by 37 CFR § 1.8(b).

First, the Notice of Abandonment appears improper on its face. The Notice to File Corrected Application Papers was mailed January 10, 2003, and required a response within 30 days. Since February 9, 2003 fell on a Sunday, the due date for the Notice to File Corrected Application Papers was February 10, 2003. In contrast, the Notice of Abandonment was mailed on February 5, 2003, five days before the due date for response!

Second, the Notice to File Corrected Application Papers was itself improper. The Notice states that "the declaration is missing the last 3 inventors signatures." However, the signatures of the last 3 inventors were not needed. Pursuant to 37 CFR 1.63(d)(3), the Application was filed with copies of an original declaration, a decision granting status under 1.47 to the prior application, and a supplemental declaration correcting the errors noted in the decision. Thus, signatures of the other inventors are not required.

Third, a response to the Notice to File Corrected Application Papers was timely filed on February 4, 2003. The following documents are submitted under 37 CFR § 1.8(b)(2) as proof that a reply was timely filed on February 4, 2003, and received by the Patent Office on January 10, 2003, prior to expiration of the 30-day response period:

1. A copy of the January 10<sup>th</sup>, 2003 Office Letter, a Notice to File Corrected Application Papers, stating that "applicant must supply missing information within 30 days of the mail date of this notice";
2. A copy of the Notice of Abandonment, which was mailed on February 5, 2003 (5 days before the response was required, as stated above);
3. A copy of the reply to the Office letter as filed with the Patent Office, including an executed certificate of mailing signed by Matilde Sanchez on February 4, 2003 (6 days before the reply was required, and before the mailing of the Notice of Abandonment);
4. A copy of the postcard stamped received by the Patent Office Mailroom on February 10, 2003, proving that the Patent Office received the reply.

In view of the foregoing, Applicant requests that the Notice of Abandonment be withdrawn.
